HUNT WILL BE SILENCED.

THE NEW YORK CRANK JURY TO BE ASKED TO ARREST THE ANARCHIST.

Some Talent of the Tenderloin Campaign Variety Might Last Before Recorder Smyth and Secure a Week in Jail—This Latter Rounding Event in the Kitchen and the Prompt Cutting Short—Learning the Lesson.

New York, Nov. 14.—[Special.]—Charles Lemuel Hunt, the anarchist lecturer who had a sensational ending which is quite likely to result in an abrupt cessation of interest in Hunt and his mild theorizing. The last two performances of Hunt aroused more than the usual interest. When Hunt announced from over the Chicago anarchists that after exhausting himself and those with him funds to continue their war they would proclaim the various degrees of anarchy. It was an extension of the democratic way of doing the anarchistic way. Hunt's announcement was about lukewarm in comparison to what he said when he announced that the proclaim a war, pure and simple, and that he, Hunt, would be chief executive. He would be the first regular Khedive and New York would be their capital. Around him were to be grouped the leaders of Hunt's speech, a stenographer having been sent to the meeting by the police authorities. It is said by detectives, as yesterday it will be that he stopped that he, the great jury will be asked to indict him, to consist of one who has not a opinion.

At the police and public officials are unanimously glad and determined at this juncture, the indicting of one anarchist is about as much as they could desire. Hunt will be tried before Recorder Smyth.

Hunt gave a demonstration to the police of the Fifth district yesterday morning. Accompanied by his counsel, Mr. Gallaher, he called at the police station and asked to see Captain Chapman. He was shown into the captain's office, and there he found Inspector Byrnes, Chief Inspector Williams, Captain Chapman, Inspector Conlin and Captain Cortright. Hunt was introduced to the officials by his counsel, and then he began to explain that he had come to the station to see the police officials, and that he had no intention of doing anything that would be in violation of the law. He said that he was a peaceful man, and that he had no intention of doing anything that would be in violation of the law. He said that he was a peaceful man, and that he had no intention of doing anything that would be in violation of the law.

Hunt then began a conversation in the office of the Fifth district station with the officials present, and he

PARIS, Nov. 13.—It is reported that in the Chamber of Deputies session will be held to prosecute M. Wilson. The Ferry, the Cabinet, and the Left approved that the preliminary examination in the case of M. Wilson has resulted in a demand for his prosecution. The statement has caused a sensation in the Legislative Chambers, as it is considered to involve the resignation of President Grévy.

M. Grévy is indignant over having his name mixed up in connection with M. Wilson's scandalous doings, and declares emphatically that he has never had any dealings with the Limited Wilson Decoration Company, or with any person connected with it.

GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to All Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders unto the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research, and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.
